The future of the education in Indonesia

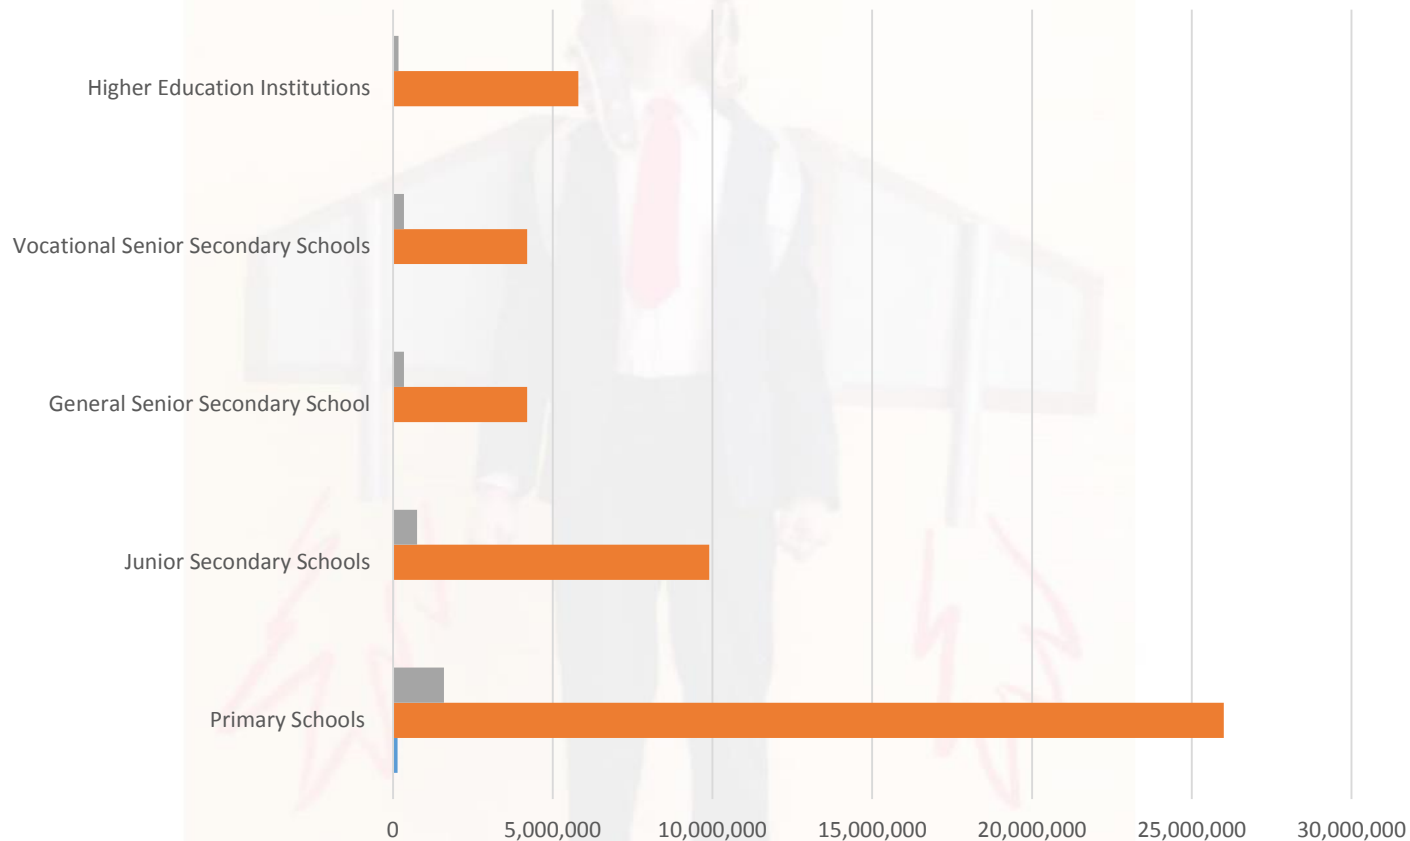

The World Bank predicted that Indonesia will be one of the six countries to achieve half of the global growth by 2025.

Indonesia is also forecasted to be the country with the seventh largest economy in the world by 2030 when the private education sector is expected to grow fourfold and to be valued at USD 40 billion with a total of 27 million of students expected

This can be an opportunity for various stakeholders to develop Indonesia's human resources better for the global interest in the future

Education in Indonesia today :

“More students than schools, Indonesia need Education more”

About TopCareer.ID

TopCareer.ID is a mass media that presents various contents supporting the development of the career of its readers. TopCareer.id seeks to be the career guidance for all in pursuing their Top Careers. This is in line with its tagline, Your Golden Career Compass.

Embarking in 2011 in the forms of a magazine, TopCareer became the pioneer of career media in Indonesia. In mid-2016, TopCareer transformed into a portal named TopCareer.id. In its development, TopCareer.id continuously makes an effort to provide varying contents to help with all needs for professional careers in one grip of technology.

Variety of Stakeholders

GCEF 2017 by TopCareer.id is different from the majority of educational exhibitions existing in Indonesia as we combine numerous elements and stakeholders starting from those engaged in the educational sector, industrial actors to regulators in events. This is grounded on the fact that all of those elements are inseparable as they mutually support and strengthen each other.

Unique Concept

Not only will GCEF 2017 by TopCareer.id present an exhibition concept, it will combine talk show/seminar presented by many stakeholders as well. The visitors and participants of GCEF 2017 by TopCareer.id will also freely interact in a more relaxed and intimate atmosphere as the question and ask session can be held directly between the stakeholders in the educational and industrial sectors.

Market Potential

Being located at The Kasablanka, Kota Kasablanka Mall, Jakarta, certainly advantageous in every sense. Being held in the capital city of Indonesia and the biggest city in the country, which is adjacent to other major cities like Bogor, Depok, Tangerang, and Bekasi with combined population of up to 20 million, GCEF 2017 by TopCareer.id definitely becomes the most potential event that can be recommended to all institutions across the world. The fact also reveals that the students and professionals in Jakarta rank the highest among those in all regions in Indonesia.

WHY COMPANY SHOULD EXHIBIT
